Stainless steel counter chiller with GN1/1 shelves

The CK7210X1SP is made for professional kitchens, and it offers an ideal solution for keeping ingredients chilled and within easy reach during service. It has a 48% lower energy consumption compared to the previous CK7210 model. It is made from durable SS304 stainless steel and features automatic defrost and GN1/1 dimensioned shelves for easy cleaning and smooth workflows. Its ventilated cooling system keeps contents at a consistent temperature, and the electronic controller makes it easy to adjust the temperature to fit your ingredients. The controller has NFC connectivity and Bluetooth. This means that you via an app can control the lighting, check the temperature of the cabinet, and even easily export data for reporting.
